PREFACE

THIS unassuming little work contains a collection of English words, very similar in sound but differently spelled, and conveying different meanings, which are generally known under the name of Homonyms.

Collections of Homonyms are certainly found in almost all elementary English school books, but they are generally too concise. It has therefore been thought necessary to give to the subject a fuller development, without omitting the introduction of a certain number of words considered antiquated or obsolete, but which are nevertheless freely used in common speech, in order to better enable students of the English language to grapple with the difficulty presented by Homonymous words, especially in writing under dictation.

It is, moreover, obvious that the translation into French and Italian of every English Homonym, as contained in the text, will prove of considerable help, especially to foreigners studying the English language.

PREFAZIONE

Questo modesto lavoro contiene una raccolta di vocaboli Inglesi consimili nella pronuncia ma differenti tanto nell' Ortografia che nel significato, e che sono comunemente conosciuti sotto il titolo di Omonimi.

In quasi tutti i libri scolastici Inglesi s' incontrano delle liste di Omonimi, le quali però hanno l' inconveniente di essere troppo concise.

In questo libro perciò, si è creduto utile di dare un maggior sviluppo a questo argomento senza escludere l' introduzione di varie voci considerate antiquate (arcaismi) o fuor di uso, ma che nonostante vengono frequentemente adoperate, e ciò per vieppiù porre in grado gli studenti della lingua Inglese a superare le difficoltà che presentano le parole Omonime, in particolar modo, quando trattasi di scrivere sotto dettato.

E indubitato inoltre che la traduzione Francese ed Italiana di tutti gli Omonimi Inglesi contenuti nel presente libro, servirà di grande ajuto massimamente agli stranieri che studiano la lingua Inglese.

PRÉFACE

Ce modeste ouvrage contient un recueil de mots anglais connus sous le nom d'Homonymes, dont la prononciation est presque identique mais qui diffèrent entre eux par l'Orthographe.

On trouve des recueils d'Homonymes dans presque tous les livres pédagogiques anglais, mais ces recueils sont très concis.

Nous avons pensé en conséquence, qu'il était utile de traiter le sujet avec plus de développement, sans omettre certains mots qui sont considérés comme surannés ou tombés en désuétude, mais dont on fait néanmoins un fréquent usage, dans le but de mettre les personnes qui étudient l'Anglais à même de lutter contre les difficultés que présentent les Homonymes anglais, surtout lorsqu'il s'agit d'écrire sous dictée.

Nous sommes d'avis que la traduction française et italienne de tous les Homonymes anglais, contenus dans cet ouvrage, ne manquera pas d'être d'une grande utilité, particulièrement aux étrangers qui apprennent la langue anglaise.

OBSERVATIONS ON THE SOUNDS OF SEVERAL LETTERS.

VOWELS.

<i>A</i>	Fâte; fär; fat; fäll; färe.
<i>E</i>	Mê; hér; met.
—	Like <i>A</i> sounds as	Clerk; Serjeant.
—	Like <i>I</i> short sounds as	England; pretty.
<i>I</i>	Pine; pin.
<i>O</i>	Nôte; möve; not; son.
<i>U</i>	Tûbe; büll; tub.
<i>W</i>	When vowel has exactly the same sound as <i>U</i> would have in the same situations, as	Drâw; grew; now; lâwyer; vowel; outlâw.
<i>Y</i>	When vowel has exactly the same sound as <i>I</i> would have in the same situations, as	Rhyme; system; justify; pyramid; party; fancy.

CONSONANTS.

<i>CH</i>	Soft sounds as	Chain; chestnut.
	Hard sounds as	Christian; chasm.
<i>G</i>	Soft	Gem; general; giant.
—	Hard	Gold; guild; gilt; goat; go; gun.
—	Before <i>N</i> is silent	Gnash; sign; foreign.
<i>GH</i>	Final and when pronounced sounds as <i>F</i>	Cough; laugh; tough.
—	Final is often silent	Plough; though.
<i>T</i>	Before <i>U</i> , when the accent precedes, sounds <i>tch</i>	Virtue; nature, and pro- nounced virtchew; natchure.
<i>TI</i>	Before a vowel sounds as <i>sh</i>	Position; Venetian; partial.
	1 except in the words as	Tiers; tiara, &c.
	2 except when preceded by <i>S</i>	Bastion; question.
	3 except in all derivations from words ending in <i>Ty</i>	Mighty: mightier; lofty: loftier.
<i>W</i>	Sounds nearly like <i>OO</i> , as	Water resembles Oater.
—	In some words it is not sounded, as in	Answer; sword; wholesome.
—	Before <i>R</i> it is silent, as in	Wrap; wreck; wrist; wry; bewry.
<i>WH</i>	Is pronounced as if the <i>W</i> were after the <i>H</i> , as	Why (hwy); when (hwen); what (hwat); whoop (hwoop).
<i>Y</i>	Soft sounds as <i>EE</i> in	Youth; York, pronounced Eeouth; Eeork.

DICTIONARY OF ENGLISH HOMONYMS
